8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity, number of people under relief and state of food stock.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

BANGALORE.

8. Markets well supplied.

9. *Standing Crops.*—Such as paddy, sugarcane, avare, thogari, horsegram are fairly in good condition. Ragi is being harvested. There is sufficient store of water for paddy and sugarcane in the tanks of Bangalore North, Doddaballapur, Magadi, Anekal, Kankanhalli, except Alur Tank, Bangalore South, except tanks in Uttarahalli Circle, Ramanagaram Taluk, and some tanks in other Taluks, Kanva Reservoir and tanks fed by it in Channapatna Taluk. Water available in other tanks of Channapatna Taluk, some tanks in Devanahalli Taluk, tanks in Devaragundi I Circle, Hoskote Taluk, Tanks at Kachanahall, Byrasettihalli, Heggunda, Kambal in Nelamangala Taluk, Alur Tank in Kankanhalli Taluk, is not sufficient and consequently, wet crops have suffered to some extent.

10. Public health is generally good. Cattle are reported to be generally healthy.

11. Water and fodder are available. Coolies find sufficient labour.

KOLAR.

8. Moderately supplied.

9. (1) *Seeds sown.*—Jola is reported to have been sown in Sidlaghatta Taluk.

(2) *Standing crops.*—The condition of standing crops is not satisfactory.

(3) *Crops harvested.*—Paddy, ragi, groundnut and sugarcane are being harvested.

10. There was no rainfall during the week.

11. Public health is generally good. Cattle are reported to be healthy but for prevalence of Small-pox in some parts of Bagepally Taluk and Black-quarter for cattle in Malur and Bagepalli Taluks. Preventive measures have been taken to check the spread of the epidimics by the Public Health and Animal Husbandry Departments.

TUMKUR.

8. Fairly well supplied.

Seeds sown.—

9. *Standing crops.*—Tumkur-Koratagere—In Tumkur Taluk, ragi, jola and horsegram is reported to have been suffered very much and paddy under certain tanks is being dried up as water is being exhausted.

Tiptur, Kunigal Turuvekere and Chicknaikanahalli Taluks :—The standing crops in parts of Tiptur and Chiknaikanahalli Taluks is reported to be withering for want of rains. Condition of paddy and sugarcane in parts of Kunigal Taluk is reported to be fair.

Gubbi.—Standing crops such as ragi, avare, thogari, paddy and sugarcane are reported to be in fair condition except in Chelur Hobli.

Sira, Pavagada and Madhugiri Taluks—The standing dry crops in parts of Sira Taluk is reported to be withering and crops like haraka, horsegram, navane, groundnut have suffered very much and paddy under certain tanks is dried up as water in the tanks is being exhausted in parts of Pavagada Taluk.

Crops harvested.—Ragi in parts of Tumkur, Madhugiri, Chiknaikanahalli, Sira, Gubbi, Pavagada, Kunigal and Turuvekere Taluks. Paddy in parts of Chicknaikanahalli, Gubbi, Pavagada, Kunigal and Turuvekere Taluks and sugarcane and jola and groundnut in parts of Gubbi Taluk.

10. *Public health*—Public Health is generally good.

11. *Cattle*—Cattle are reported to be generally healthy except for the prevalence of black-quarter in Jodi Hosur village, Goolur Hobli, Tumkur Taluk. Needful action is reported to have been taken to check the spread of the epidemic. Fodder and water are available. The State Forests have been thrown open for free grazing. Labour is available for agricultural classes.

MYSORE.

8. It is reported that the markets are normally well supplied in all the taluks of the District during the week.

Seeds sown.—Nil.

9. *Standing crops.*—Such as paddy, ragi, avare, tobacco, cotton, togari, horsegram and other pulses are reported to be generally in good condition.

Crops harvested.—It is reported that paddy is being harvested in the taluks of Nanjangud, Yelandur, Krishnarajanagar, T.-Narsipur and Hunsur and ragi in Mysore, Chamarajanagar and Hunsur Taluks and Horsegram in Gundlupet and Heggaddevankote Taluks, chillies in Periyapatna, Hunsur and Nanjangud Taluks.

10. (1) Prospects of the season are generally good. (2) There was no rainfall in any part of the District during the week under report. (3) Both the cooly and Agricultural classes are finding sufficient employment all over the District. (4)Sufficient quantities of foodgrains are made available in all parts of the District. (5) Public health is reported to be generally good except for the prevalence of Plague in a few villages of Mysore, Hunsur, Nanjangud, Heggaddevankote and Gundlupet Taluks. Necessary preventives and remedial measures are being taken to check the spread of theepidemic.

11. Cattle are reported to be generally healthy. Sufficient quantities of water and fodder are available all over the District.

MANDYA.

8. Well supplied.

9. Standing crops such as sugarcane in Visvesvaraya Canal Area and paddy under tank and nala atchkats are reported to be in good condition. Dry crops such as ragi have failed in large extents due to failure of timely rains in previous months and good yield cannot be expected from the surviving crops. Ragi is reported to be under harvest in Malavalli, Krishnarajapet and Nagamangala taluks. Paddy harvest is reported to have commenced in Srirangapatna, Malavalli and Mandya Taluks.

10. The prospects of the season are reported to be satisfactory.

11. The public health is reported to be generally good. Cattle are reported to be healthy in all the taluks of the District. Fodder and water are reported to be available in sufficient quantities.

HASSAN.

8. Well supplied.

9. The standing crops of sugarcane, horsegram, etc., are reported to be fair. Horsegram in Arsikere, Hassan and Chennarayapatna are in need of rains. Paddy, ragi, cotton are being harvested throughout the District.

10. Prospects of the season are not very helpful. Rains are required for horsegram, etc.

11. Cattle are generally healthy except for Black-quarters in Golenaballi in Kattaya Hobli, Hassan Taluk in which case remedial measures are being adopted by the Veterinary Department.

Water and fodder are available.

SHIMOGA.

8. Well supplied.

9. The condition of the standing crop of paddy in almost all the taluks, in the District is reported to be in good condition except in the non-channel areas in Bhadravati Taluk and in certain parts of Chennagiri Taluk where the paddy crop has suffered for want of rains. Ragi and sugarcane are reported to be in good condition in all the Taluks excepting for ragi crop in Bhadravati Taluk. Jola in Chennagiri Taluk is reported to be affected a little owing to want of rains.

10. Harvesting of paddy in almost all the Taluks of District is in full swing. Harvesting of Ragi and Jola in Chennagiri and Bhadravati Taluks is going on. It is reported that Millets are being harvested in Sorab Taluk, Bengalgram is being sown in Chennagiri Taluk.

11. It is reported that Cholera is prevailing in the Villages of Kariganoor and Kerebilachi in Chennagiri Taluk, Cholera is reported to be prevailing in Mukrenahalli, Kodachagondanahalli and Kemnayakanahalli Villages of Honnali Taluk, 3 attacks of Cholera are reported during the week in Honnali Town. It is reported that there are some cases of Cholera in Holebanasavadi, Ayanur and Haranahalli Villages in Shimoga Taluk. Necessary preventive measures to check the spread of Cholera are reported to be taken by the concerned Department in all these places.

CHIKMAGALUR.

8. Markets were fairly well supplied. Prices of commodities continued to be high.

9. (1) *Standing crops.*—Paddy, ragi, horsegram and sugarcane in Chikmagalur Taluk; jola, coriander, togari, avare, horsegram, til, cotton, wheat bengalgram and chillies in Kadur Taluk; paddy, ragi, greengram, bengalgram, blackgram, wheat, sugarcane, horsegram and coriander in Tarikere Taluk, paddy, and sugarcane in Narasimharajapura Sub-taluk, paddy in Koppa, Mudigere Taluks and in Sringeri Sub-taluk were the standing crops. The condition of the standing crops was on the whole better.

(2) *Seeds sown and transplantation made.*—Bengalgram was sown in Kadur Taluk.

(3) *Crops harvested.*—Paddy and ragi and other dry crops in Kadur Taluk and paddy and ragi in Tarikere Taluk, paddy in some parts of Chikmagalur and Mudigere Taluks and in Narasimharajapura Sub-taluk, and Sugarcane in Chikmagalur Taluk were harvested during the week under report.

10. Prospects of the season are reported to be generally fair.

11. Public Health is reported to be generally good. Cattle are generally healthy except for the prevalence of cattle disease in Byduvally Village of Mudigere Taluk.

Water and fodder are available.

CHITALDRUG.

8. Markets were well supplied except the controlled commodities.

Sowing.—Sowing of paddy in Challakere Taluk and Vaishaki paddy in bagayet and wet lands in Molakalmuru Taluk is going on.

9. *Standing crops.*—Standing crops such as paddy under irrigation wells, tanks and nalas, groundnut and horsegram in Challakere Taluk, jola, navane, sajje, haraka, cotton and sugarcane in Hiriyur Taluk, horsegram and pulses in Molakalmuru Taluk, bilijola, bengalgram, thogari, horsegram and cotton in Holalkere Taluk, cotton, thogari, horsegram and sugarcane in Davangere Taluk, cotton, thogari, horsegram in Jagalur Taluk, ragi, save, navane, sajje and paddy in Hosadurga Taluk, cotton and thogari in Harihar Taluk are reported to be fair. The groundnut crop in Challakere Taluk is affected by pests.

Harvesting.—Harvesting of coriander in Chitaldrug Taluk, doddaragi and paddy in Challakere Taluk, sugarcane, paddy and ragi in Hiriyur Taluk, paddy in Molakalmuru Taluk, kesari jola and ragi in Holalkere Taluk, ragi, jola, bengalgram, sajje, paddy, sugarcane and cotton in Davangere Taluk, groundnut and horsegram in Jagalur Taluk, save, navane, haraka, sajje and ragi in Hosadurga Taluk, and ragi, navane, jola, and paddy in Harihar Taluk is reported to be in progress.

10. Cooly classes are finding sufficient labour all over the District.

11. Cattle are reported to be generally healthy except for the prevalence of Black-quarter in Kadehude Village in Challakere Taluk, and Rinderpest in Basapura Village, in Davangere Taluk. The authorities of the Veterinary Department are reported to have been addressed to take immediate preventive measures. A Notification prohibiting the assemblage of cattle in the shaddy at Davangere City for a period of one month has been issued and another Notification declaring Basapura Village as an infected area has also been issued.

Public health is generally good except for the prevalence of Cholera in Mudahadadi, Jarikatte, Bavihal Villages in Davangere Taluk, and a few villages in Harihar Taluk, and diarrhœa in Hosadurga Taluk. The authorities of the Health Department are reported to have been addressed to take immediate preventive measures. Notifications prohibiting the assemblage of persons in weekly shandies, etc., for a period of two weeks in Harihar and Malebennur in Harihar Taluk has been issued.

Water and fodder are available.

DISTRICT REPORTS.

8. Market how supplied.

9. Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.

10. Prospects of season, tracts in which rainfall has been insufficient, areas affected by scarcity. Number of people under relief and state of food stocks.

11. Remarks on the condition of agricultural stock, failure of pasturage of fodder, etc.

TUMKUR.

8. Fairly well supplied.

Seeds sown—Nil.

9. *Standing Crops.*—Tumkur, Koratagere—Ragi and jola are reported to be damaged in parts of Tumkur Taluk. The rains received so far is inadequate to the standing crops. Rain is badly needed.

Tiptur, Kunigal, Turuvekere and Chicknaikanahalli—The standing dry crops in parts of Tiptur and Chicknaikanahalli are reported to be withering for want of rain. The crops are in urgent need of rains. Condition of paddy and sugarcane in Kunigal Taluk is fair.

Gubbi—Standing crops such as paddy, ragi, avare are reported to be in fair conditions except in Chelur Hobli.

Sira, Pavagada and Madhugiri—Standing dry crops in parts of Sira is withering for want of rains. The crops like groundnut, horsegram, haraka and navane have suffered very much and paddy under certain tanks is dried up for want of timely rains. Water in the tanks being exhausted in parts of Pavagada and Tumkur Taluks.

District as a whole—Paddy crop under a large number of tanks is damaged and being dried up due to insufficiency of water unless there are rains in the near future of which prospects are remote.

10. *Crops harvested.*—Paddy in parts of Tumkur, Madhugiri, Chicknaikanahalli, Gubbi and Pavagada Taluks. Ragi in parts of Tumkur, Madhugiri, Chicknaikanahalli, Gubbi, Pavagada, Kunigal and Turuvekere Taluks. Groundnut and sugarcane in parts of Gubbi Taluk.

11. Public health is generally good except for the prevalence of rat falls at Kuppur Village of Chicknaikanahalli Taluk. Needful action is reported to have been taken to check the spread of the epidemic.

Cattle—Cattle are reported to be generally healthy. Fodder and water are available. The State Forests have been thrown open for free grazing. Labour is available for agricultural classes.

MANDYA.

8. Well supplied.

9. Standing crops such as sugarcane in V. C. area and paddy under tank and nala atchkats are reported to be in good condition. Dry crops such as ragi have failed in large extents due to failure of timely rains in previous months and good yield cannot be expected from the surviving crops. Ragi and groundnuts are reported to be under harvest in some parts of the District. Paddy harvest is reported to have commenced in Malavalli Taluk.

10. The prospects of the season are reported to be satisfactory.

11. The public health is reported to be generally good. Cattle are reported to be healthy in all the Taluks of the District. Fodder and water are reported to be available in sufficient quantities.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,
Bangalore,
Dated 3rd DECEMBER 1951.

K. SRINIVASAN,
Revenue Commissioner.

MYSORE STATE DEPARTMENT OF PUBLIC HEALTH.

NOTE ON THE STATE OF PUBLIC HEALTH IN MYSORE STATE, WEEK ENDED 29TH NOVEMBER 1951.

A total of 29 attacks with 13 deaths from Plague was returned from 4 villages in 4 taluks in 4 districts during the week against 20 attacks with 6 deaths in the previous week. The Cities of Bangalore, Mysore and Kolar Gold Field reported free from Plague. Comparative figures for the corresponding week in 1950 and 1949 were 29 attacks with 8 deaths and 74 attacks with 31 deaths respectively.

A total of 14 attacks with 6 deaths from Small-pox were reported from Mysore City and from the taluks of Honnali, Mandya, Srirangapatna and Sagar.

Forty-four attacks with 11 deaths from Cholera were reported from Bangalore Corporation and Honnali Town and from the taluks of Bhadravati, Channagiri, Davangere, Honnali and Harihar.

The State remained free from Influenza and Relapsing Fever.

The total mortality for Bangalore Corporation amounted to 213 (49 in hospitals) for 7 days representing a calculated death-rate of 14·0 (10·8 excluding hospital deaths) per mille of population (annual basis) as against 20·3 (16·6 excluding hospital deaths) for the corresponding week of last year. Classified according to causes, the deaths numbered 1 under Malaria, 1 under Typhoid, 1 under Other Fevers, 30 under Dysentery and Diarrhœa, and 180 under All Other Causes. The reported mortality was very low.

The total mortality for Mysore City was 99 (39 in hospitals) for 6 days representing a calculated death-rate of 24·4 (14·8 excluding hospital deaths) per mille of population (annual basis) as against 17·5 (12·7 excluding hospital deaths) for the corresponding week of last year. Classified according to causes the deaths were: small-pox 3, Malaria 2, Typhoid 1, Other Fevers 12, Dysentery and Diarrhœa 9, and All Other Causes 72. The reported mortality was very low.

There were 31 deaths (7 in hospitals) for 7 days from all causes in Kolar Gold Field equivalent to a calculated death rate of 10·0 (7·8 excluding hospital deaths) per mille of population (annual basis). Classified according to causes the deaths numbered 1 under Other Fevers, 7 under Dysentery and Diarrhœa and 23 under All Other Causes. The reported mortality was very low.

5740
